 Code Again for the First Time 

Agenda

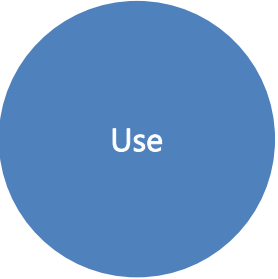

Begin

How the Cloud came to Code

Acquire

Learn about all the extensions currently out

Use

Using the extensions to dev your apps

Current Extensions

App Service	App Service Tools, Functions Tools, Logic Apps (soon!)
Data	SQL Server, Cosmos DB, HD Insight, Storage Explorer
Containers	Docker
IaaS	Virtual Machine Explorer
General	RM Tools, Azure Tools for VS Code
IoT	IoT Toolkit, Event Hubs Explorer
Core	Azure Account

Let's Party

Now we'll take a look at what some of the extensions do
